

Who's Really Protecting Our Healthcare?

BOB MENENDEZ

- Fought for the **Affordable Care Act** with President Obama, which expanded coverage to nearly a million NJ residents
- Pushing to lower the cost of prescription drugs with the **CREATES Act** and the **SPIKE Act**
- Sponsored the bipartisan **KIDS Act** and led the fight to fund the **Children's Health Insurance Program (CHIP)** for the next decade
- Championed **autism research** in Congress and passed the **Autism CARES law**
- Rated **100%** by **Planned Parenthood** and cosponsored the **Women's Health Protection Act**
- Voted against Justice Gorsuch and opposes Trump's **SCOTUS** nominee Brett Kavanaugh, both of whom are threats to *Roe v. Wade*
- Securing **funding** for our **community health centers** so they can provide high-quality primary care for families throughout NJ
- Passed the **Firefighter Cancer Registry Act** that will help researchers understand the connection between cancer and the work done by our brave firefighters
- Advocating to expand **paid family, sick, and medical leave**

BOB HUGIN

- Supports Donald Trump's proposed **dismantling** of the Affordable Care Act, which could leave over half a million New Jersey residents **without** health insurance
- Devoted his **Big Pharma** career to **putting profits over patients**, a skill he learned during his long career on **Wall Street**
- Settled for \$280 million with the Department of Justice in which he was accused of **defrauding cancer patients**
- Doubled the **price** of life-saving cancer medication while CEO of Celgene
- Refuses to release his videotaped deposition discussing why he **lied to patients and doctors** about the **side effects** of medication
- Supported by a super PAC run by former **Governor Chris Christie's** inner circle. One of his company's largest shareholders donated \$1 million to Christie and Hugin was a major donor of Christie's **failed presidential campaign**.
- Hugin's record of hurting NJ's most vulnerable residents while also supporting right-wing extremists is clear. New Jersey deserves better.

While Bob Menendez helped secured health coverage for millions of Americans, greedy Bob Hugin put profits over people.

It's never mattered more. Vote for Bob Menendez on Nov. 6.
